NOT SO ULTRA VIOLET

Unapologetically non-conformist and a celebratory channel for all that is unique, The Un-Wedding is a UK-based bridal blog that's the mothership for alternative wedding inspiration. Behold its debut editorial shoot, Not Another Pantone Colour Of The Year Ultra Violet Wedding Shoot.

This colourful collaboration, which exclusively features wedding suppliers from The Un-Wedding's Book Of Love directory, defies your average colour conventions. Pushing the boundaries of bridal styling with neon, glitter and holographic touches.
